

Pushing Productivity in the South West HRZ

Join us to discuss what's new in the GRDC's High Rainfall Zone Farming Systems project and what local farmers are adopting to increase productivity and profitability on farm.

- **Informal gatherings** to discuss the latest research results.
- Chat about the key building blocks to **achieving higher yields** in the HRZ.
- See and **hear first-hand from growers** what is and what isn't working on farm.

Joining us will be **local growers** and the following **project researchers**.

- Nick Poole, Project Lead and Managing Director, FAR Australia
- Dr Kenton Porker, FAR Australia
- James Rollason, FAR Australia
- Jeremy Curry, DPIRD
- Sam Stubna, SEPWA
- Jens Berger, CSIRO
