## Pushing Productivity in the South-West HRZ

Join us to discuss what's new in the GRDC's High Rainfall Zone Farming Systems project and what local farmers are adopting to increase productivity and profitability on farm.

- **Smaller informal gatherings** to discuss the latest research results.
- Chat about the key building blocks to **achieving higher yields** in the HRZ.
- See and hear **first-hand from growers** what is and what isn't working on farm.

Joining us will be local growers and the following project researchers.

- Nick Poole, Project Lead and Managing Director, FAR Australia
- Dr Kenton Porker, FAR Australia
- Jeremy Curry, DPIRD
- Jens Berger, CSIRO
