

SA CROP  
TECHNOLOGY  
CENTRE

# SA Crop Technology Centre Annual Field Day

Featuring the GRDC's:

## Hyper Yielding Crops & Pulse Agronomy projects

## Thursday 20<sup>th</sup> October 2022

### MILLICENT, SA

Showcasing: Crop management to achieve maximum yields in SA

*How much higher can we go in wheat, barley and canola?*

- Long season germplasm for early sowing in SA?
- Nutrition and farming systems to support hyper yielding crops.
- Disease management and PGR strategies

### Canola and Pulse session: 9.30am

**Directions:** GPS -37.491583, 140.235694

Signposted off Cowan Lane

Canola site kindly hosted by James & Chris Gilbertson

Pulses site kindly hosted by Brett & Mel Gilbertson

Speakers: Rohan Brill, Nick Poole & Kenton Porker

### KEYNOTE SPEAKER

#### DAVE GRANT, NZ GROWER

Dave farms in the mid Canterbury region of New Zealand. He received the prestigious 'Federated Farmers Arable Farmer of the Year Award' in 2021 for his contribution to farming innovation and information sharing. Dave will share with us his recipe for high yields and the importance of the farming system in achieving these yields.

Kindly sponsored by:
