Hyper Yielding Crops Annual Field Day

Tuesday 10th October 2023

WALLENDBEEN, NSW GPS: -34.618494, 148.159240

Signposted off Cullinga Road

Showcasing: Crop management to achieve maximum potential yield in NSW

What have we learnt from Hyper Yielding Crops? Where to next for increasing productivity and profitability?

Coffee 9.30-10am

10am Welcome and opening address by Graeme Sandral (GRDC Grower Relations Manager Northern Region and Nick Poole (FAR Australia)

10.15AM PANEL SESSION: GROWERS AND ADVISERS PERSPECTIVE:

The last three years' research at Wallendbeen has given us a firm foundation to illustrate what productivity and profitability gains are possible in this high-altitude region. The Panel discusses what we have learnt, and where to next.

Facilitated by Nick Poole, the Panel includes host farmer Charlie Baldry, grower Broden Holland, Chris Duff (Farm Advisor), Rohan Brill (Brill Ag) and Tom Price (FAR Australia).

Lunch 12.45pm – 1.45pm

11.15am – 12.30PM: CANOLA SESSION

It is planned for attendees to walk to the canola trials to look at and discuss what we have learnt over the last three years. You will be joined by Rohan Brill (Brill Ag) John Kirkegaard (CSIRO) and Nick Poole (FAR Australia).

2.00pm – 4.15pm: CEREALS SESSION

Following lunch we will move onto the cereal trials where interactive sessions will take place whilst we look at the HYC cereals research programme. You will be joined by FAR Australia's Tom Price, Ben Morris, Rebecca Murray and Nick Poole.
