

VIC Crop Technology Centre Field Day

Thursday 10th October 2024 10am to 4.15pm

660 Inverleigh –Winchelsea Road, Winchelsea, VIC (Scan QR code for map)

Signposted at 660 Inverleigh-Winchelsea Road and off Peels Road

Site kindly hosted by the Peel family and Travis Everett

A FIELD DAY NOT TO BE MISSED

View the latest cereal germplasm, agronomy, agrichemical usage with crops sown at two dates; early April and late April. This FAR Australia annual field day offers growers and advisers in the Victoria high rainfall zone (HRZ) the chance to hear from a number of leading industry experts.

KEYNOTE SPEAKER

Kindly sponsored by:

Dr Fran Lopez, Leader Fungicide Resistance Group, Centre for Crop and Disease Management

GUEST SPEAKERS:

Dr Steve Marcroft, Canola Researcher Marcroft Grains Pathology

Dr Josh Fanning, Plant Pathology Research Leader, AgVic

Broden Holland, NSW Grower, Precision ag and N management

This is a unique **“Seeing is believing”** chance to see a range of innovative treatments and timings that will help shape our future approach to crop husbandry in HRZ VIC.
